

SARAJEVO NOW FILLED WITH MOTLEY THROGS

Men of Every Nationality in City Where Murder Plunged World Into War.

CENTER OF RELIEF EFFORTS

United States Food Administration Has Headquarters in Bosnian City and Red Cross Workers Furnish Supplies to Balkans From There.

SARAJEVO, April 26.—This little Bosnian city, famous as the scene of the murder of Archduke Franz Ferdinand, which was the precursor of the world war, is now the headquarters of the United States food administration and of the American Red Cross, which is extending its activities to every part of the Balkans. American officers, soldiers, physicians and nurses are numerous in the streets. Four and a half years of war have made little change in the ancient capital. With the exception of a small district near the Serbian frontier, Bosnia and Herzegovina were not a battleground and there was no destruction of property. Indeed, except for the wounded and sick Bosnian soldiers returning from Austria and Germany, and the presence of allied officers and troops, one would scarcely know the country had ever been at war.

The streets are thronged with people of all nationalities and of all manner of dress. Croats, Serbs, Austrians, Germans, Turks, Italians, Frenchmen, Britishers and Americans rub elbows with one another. The cafes are always crowded. The moving picture theaters are full at all hours, and dancing is ever popular. Public and semipublic halls are frequently held, and gayety runs to all extremes.

Buy Oriental Trappings.
The slender minarets of more than 100 Turkish mosques give a very picturesque appearance to the city. Nearly one-half of Sarajevo's 50,000 people are of the Mohammedan faith. The scores of Turkish bazaars are well patronized, particularly by Americans, who seem to be keen for Oriental things of all sorts.

The Turkish people here really are Slavs who, embracing the Mohammedan religion. They are noted for their indolence and dirtiness. The women never work. They are content to adopt begging for a profession. The Serbians, on the other hand, are industrious and hard. They are noted for their cleanliness.

The people of Bosnia and Herzegovina have great native intelligence. Many speak several languages. The educated classes are fluent in politics and economics. The words liberty and freedom are constantly on their lips. They say that their hope is centered in President Wilson.

Villages Are Suffering.
While there is an abundance of food in the larger cities, some of the villages are suffering severely. There is complete lack of food suitable for children and the sick. Most of the hospitals are badly in need of blankets, linen, surgical dressings and medicine. There has been an alarming increase in the number of typhus cases, particularly among the poor, many of whom have only one outfit of clothing, which they never change or wash until worn to tatters. They are therefore good subjects for the typhus fever.

The American Red Cross Commission to the Balkans has sent a number of physicians and nurses to help the local authorities and has also given the hospitals supplies of clothing, surgical dressings and medicine. It has relief stations at Ragusa, Spalato, Plume, Mostar and Sarajevo. The United States Food Administration is sending large quantities of flour and fats into the interior regions, where destitution is widespread.

The people and government are profoundly grateful for this help from America. On every hand the correspondent heard expressions of admiration and gratitude among the Bosnians and Serbians for this timely assistance.

CAUCUS OF WAR VETERANS TO PASS ON ELIGIBILITY

Meeting at St. Louis Will Settle Matter of Membership in American Legion.

[By Associated Press.]
NEW YORK, April 26.—Lieutenant Colonel Roosevelt, in charge of the organization of the American Legion, said here today that all questions of eligibility to membership would be decided at the caucus of war veterans to be held in St. Louis May 8. No individual, he said, had the authority to say whether Civil War and Spanish-American veterans would be admitted or excluded.

A telegram was sent last night from Greenville, S. C., after a conference between Colonel H. B. Springs and Major W. E. Workman, former officers of the "Old Hickory" Division, informing General Roosevelt that unless former Confederate soldiers are accepted as members of the legion, South Carolina veterans of the world war probably would not want membership in the organization.

Socialist Labor Congress Meets.

[By Associated Press.]
BUENOS AIRES, April 26.—The first Pan-American Socialist labor congress opened today with delegates present from Argentina, Uruguay, Chile, Paraguay and Peru. The program will include discussions of the universal eight-hour day, salaries, free trade, arbitration, disarmament and exploitation of labor by foreign capital.

LANDIS RULES AGAINST AUTHORITY OF BURLESON

Declares Postmaster-General Has No Power Over Interstate Telegraph Rates.

[By Associated Press.]
CHICAGO, April 26.—Federal Judge Landis today ruled that Postmaster-General Burleson could not increase interstate telegraph rates.

He said he would dissolve the temporary injunction restraining the attorney-general of Illinois from interfering with the imposition of the higher rates.

Judge Landis said that in his opinion it was the intention of Congress merely to give the President power to operate the wires as a national unit, but not to delegate to him the rate-making power.

VILLA ATTEMPTS TO WREST CHIHUAHUA FROM CARRANZA

Outlaw Leader Will Endeavor to Re-establish Provisional Rebel Government of 1915.

[By Associated Press.]
EL PASO, TEXAS, April 26.—Francisco Villa is concentrating all the troops under his control in the State of Chihuahua, in an effort to wrest control of the State from the Carranza government, re-establish a provisional rebel government similar to the Villa government of 1915, and try to rally the various rebel bands throughout Mexico to his banner. This became known today with the arrival of refugees from Parral.

To finance his revolutionary movement, Villa plans, it is said, to force the foreign mining, smelter and milling companies in northern Mexico, especially American corporations, to pay heavy tribute in return for protection.

Villa is reported to be making plans to attack Chihuahua City as a part of his campaign for the conquest of Chihuahua State.

Y. M. C. A. NEEDS FUNDS

Seventh Fiscal Year Closes Wednesday and Expenses Must Be Met.

If the Central Young Men's Christian Association is to close its seventh fiscal year free of debt \$3,500 will be needed to clear up a gross deficit of \$55,000, according to a statement just made by officials. Wednesday marks the close of the year and it is expected that the sum needed will be secured. The association also wishes to raise \$5,000 to repay a trust fund from which money was borrowed so that soldiers could be entertained and beds furnished. Sixty New Zealanders, returning home from France stopped over at the building yesterday afternoon and were taken for a sightseeing ride. They remained there overnight.

Destroyer Hovey Launched.

[By Associated Press.]
PHILADELPHIA, April 26.—The destroyer Hovey, named in honor of the memory of Ensign Emerson Hovey, of Portsmouth, N. H., who was killed in the Philippines, was launched today at the Cramps shipyard. The ship was christened by Mrs. Austin Kantz, wife of Captain Kantz, of the navy, and a sister of Ensign Hovey.

Red Cloud Liver Berries
"One at bed time"
A gentle, positive laxative. Relieves constipation and digestive ailments.

SECRET OF REAL BEER IS HELD BY OFFICIALS

Department of Agriculture Lock Up Recipe for Drink, but Sleuth Reporter Gets Faint Inkling of Its Contents.

WASHINGTON, April 26.—"Zythion" is the name of an Agricultural Department recipe that Secretary Houston has ordered placed under lock and key, safe from the eager clutches of thirsty American souls.

"Zythion," it is decreed, must officially remain a mystery, notwithstanding some reliable inkling of it has leaked out.

"Zythion," in the days when national legislators were not progressing so interestingly along lines which lately have become popular among legislators and unpopular with common folks, was evolved by Department of Agriculture experts, who presented it to their superiors for sampling, with anticipation of merited reward.

The original sampler of the product of this recipe reported it to Secretary Houston, recommending it highly. The secretary, in turn, directed his own personal sampler to investigate and report on "Zythion," its quality, practicability and all.

According to most authentic reports, the secretary's official sampler was furnished with a man's size portion of the mysterious "Zythion."

After looking at "Zythion" with an expert analytical eye, the verdict was: "It looks like beer."

After testing "Zythion," Mr. Houston's sampler scratched his head and ventured: "It tastes like beer."

After quelling the contents of the schooner, his emphatic, although plagiaristic ejaculation was, "By George, it is beer."

The satiated expert of the department, according to further very reliable information, reported his discovery at once to his chief, guaranteeing "Zythion" exceeded even the expectations of its inventors, and also that it could be manufactured in five-gallon lots for about 12 cents a gallon. But just at this moment along came Congress with legislation that made it very embarrassing for the department of the government to be dabbling in "Zythion" or anything like it, hence the "kosh" order on the recipe. As everything like liquor can leak even through the crevice, it is reported that "Zythion" can be made a number of ways.

Two half-gallons water are brought to a boil; three ounces of hops are added at once to a thin cloth bag and kept boiling two hours; thence adding a pound and a half of toasted brown sugar, two and a half pounds of malt extract, adding two and a half gallons more of water and a small

For Constipation! Physic Purge or Laxative?

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect, and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It acts gently, without gripping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required, and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation, indigestion, headaches, flatulence and other digestive ills.

The druggist will refund your money if it fails to do as promised.

Dr. Caldwell's SYRUP PEPSIN
The Perfect Laxative

PRICE AS ALWAYS
In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes, we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

FREE SAMPLES—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

TWO BIPLANES WRECKED

Both Machines Meet Mishaps in Effort to Land at Live Oak, Florida.

LIVE OAK, FLA., April 26.—Two Curtis biplanes, en route from Carlisle Field, Arcadia, Fla., to Southern Field, Americus, Ga., were wrecked here yesterday afternoon while attempting landings. The machine driven by Lieutenant B. S. Thompson came down in a field of stumps, the pilot having mistaken his landing place. The other machine was signaled not to land and flew to the other side of the town, where a landing was attempted in another field. In landing this plane, piloted by Lieutenant J. C. Hall, went into a nose dive and was deeply imbedded in the sand. None of the fliers were hurt.

EMPLOYMENT OF CHILD MAKES LAW OPERATIVE

New Revenue Bill Contains Clause That Makes Definite Assessment.

According to a ruling of the Bureau of Internal Revenue, received here by R. C. L. Moncure, Collector of Internal Revenue, the employment of one child for one day in conflict with the child labor law provision of the new revenue bill will subject the employer's business to a tax of 10 per cent of the net profits for the taxable year. Child labor provisions of the new bill became effective last Friday. Under the provisions of the act 10 per cent tax is levied on the profits of any mine or quarry in which children under sixteen years of age work, or any mill, cannery, workshop or manufacturing establishment in which children under fourteen years of age are employed. Boys and girls canning clubs are exempted from the operation of the law.

Kingston Longshoremen Strike.
KINGSTON, JAMAICA, April 26.—Longshoremen here struck in a body Friday, demanding an eight-hour day and increased wages. The action of the strikers will hold up fruit vessels.

NEED THIS SPRING

Of a Good Tonic Medicine, Nerve Builder and Blood Purifier

is greater than ever before.

The nervous strain, worry and anxiety caused by the war. The debilitating effects of the terrible influenza, grip and pneumonia. The depletion of the blood by indoor life in winter.

Have tremendously overdrawn the reserve strength of nearly every man and woman.

This makes the favorite Spring medicine, Hood's Sarsaparilla, more of a necessity now than ever before.

For your impure, exhausted blood, and for that extreme tired feeling sure to come, prepare yourself now.

Today begin to recover your lost strength by taking Hood's Sarsaparilla, the standard Spring medicine and blood purifier, which creates a keen appetite, aids digestion and assimilation. Remember Hood's Pills if you need a mild laxative.—Adv.
